

Grower & Processor

Organic and Conventional Frozen Fruits & Vegetables

Farmer's Frost **grows and processes** both organic and conventional IQF frozen fruits and vegetables, with an annual capacity of **over 200 million pounds** at our state-of-the-art facility in Egypt. As a vertically integrated company, we manage every stage **from seeding to final delivery** through our own fields, contracted farmers, and fully integrated operations, **ensuring consistent quality, food safety, and sustainability.**

Our facility features the **latest processing technology** and holds **BRC, USDA-NOP Organic, Kosher, and SEDEX certifications**, remaining **audit-ready at all times**. We supply leading manufacturers, foodservice companies, and retailers across the U.S. and worldwide, and our vision is to build **long-term, sustainable partnerships** through customized solutions and collaboration.
